EDUCATION

M.M., Music Theory and Composition (Songwriting Concentration) | New York University, 2022

B.A., Music Composition, Minor in Business | University of Wisconsin-Madison, 2014

TEACHING EXPERIENCE

Private Music Instructor | 2011-Present

- Teach piano, drums, audio production, and composition to students ages 5 to 18, one-on-one and in groups.
- Schedule lessons and keep families informed on each student's progress.
- Developed original curricula for composition and audio production, from beginner through advanced.

PROFESSIONAL EXPERIENCE

Community Manager, Sprout Society | Brooklyn, NY | February 2026-Present

Nonprofit community space for creatives. Team of three.

- Serve as the first point of contact for members, partners, and donors, responding to every inquiry.
- Maintain the organization's CRM and records, keeping member, donor, partner, and event data accurate and current.
- Built and run the sign-up and onboarding process for new members.
- Plan and host a monthly music and art showcase, and support members running their own events in the space.
- Grew the space from one showcase a month to 10 to 15 events, bringing in over 100 new people each month.
- Lead social media and community outreach; support grant research, applications, and reporting.

Founder, Music Major Records LLC | Jul 2023-Aug 2025

- Ran and iterated a platform for college musicians to build careers, then placed it on hold.

Producer & Recording Engineer, Misfits' Instruments Studio | 2018-Present

- Produce, arrange, and mix recordings from tracking through final mix in Pro Tools and Logic.
- Handle studio scheduling and session logistics, and play as a session musician.

Composer and Songwriter, Independent | 2014-Present

- Write pop and concert music, with songwriting and producer credits for John Harvie and Brett Altman.
- Produce and host a concert music series for composers and performers in NYC.

APPLIED SYSTEMS

The Sprout Suite | 2025-Present

Tools I built to keep Sprout Society's records accurate, cut manual data entry, and replace paid software.

- **CRM:** manages contacts, members, donors, outreach, and events in one place.
- **Grant Tool:** grant research and matching, application tracking through the full grant cycle, and a writing workspace.
- **Social Media Manager:** a content library and workspace that publishes posts automatically on a content calendar.
- **Campaign Tracker:** builds dynamic QR codes, tracks scans, and visualizes the results.
